

## Two Milk Pooling Rules Suspended

Two milk pooling requirements under the Middle Atlantic federal milk marketing order will be suspended through February 1979, a U.S. Department of Agriculture (USDA) official has said.

Herbert L. Forest, dairy official with USDA's Agricultural Marketing Service, said one action, effective Nov. 1, suspends the requirement that a distributing plant sell at least 50 percent of its milk for fluid use before it is eligible to have all its milk pooled and priced under the order. This will continue an earlier suspension of this requirement that has been in effect since April.

The second action, which would apply to milk deliveries in October, suspends the limits on the amount of milk a cooperative or proprietary handler may move directly from farms to nonpool manufacturing plants and still have pooled and priced under the order.

The suspension is based on testimony given at a public hearing on October 3-4 in Philadelphia. The suspension was requested by Inter-State Milk Producers' Cooperative, the largest cooperative in the market, and Michaels Dairies, Inc., a handler that operates a bottling plant pooled under the order.

Evidence gathered at the

hearing showed that a continuing downward trend in Class 1—fluid—milk sales means that some plants are not able to meet the order's pooling requirements. As a result, Forest said, some dairy farmers' milk might not be priced and pooled under the order.

Copies of the suspension order are available from Market Administrator Joseph D. Shue, 300 N. Lee St., Rm. 225, Alexandria, Va. 22313; or from the Dairy Division, AMS, USDA, Washington, D. C. 20250.

## IRS Has Refunds For Taxpayers They Can't Find

Internal Revenue Service has 1,500 tax refunds, averaging \$288.45, for area taxpayers they can't find.

Gerald G. Portney, IRS Director for Maryland and the District of Columbia, said today that the 1977 Federal Income Tax refunds were returned as undeliverable by the U.S. Postal Service. "Some taxpayers move and don't leave a forwarding address," he said. "Others marry and change both name and address." Still others file tax forms with incorrect address information.

Anyone who is expecting a 1977 refund, and hasn't already contacted IRS, should call 1-800-495-0460 in all other Maryland areas.

## Easy Breathing' Program Slated

The American Lung Association and the Garrett County Memorial Hospital will be co-hosting a free Easy Breathing' Program for live consecutive Tuesdays starting on November 7 at the Garrett County Memorial Hospital.

Persons with chronic obstructive lung disease problems such as emphysema, bronchitis, or asthma are invited to attend the five free sessions. The sessions will provide a greater understanding of breathing problems that will allow patients to choose techniques of living which will promote optimal functioning, reduce episodes of acute respiratory distress and provide options which can improve the total quality of life.

On November 7, at 7:00 p.m., the emotional aspects of a breathing problem, how to deal with fear and anxiety and how to relax totally in order to reduce breathing problems will be covered. At the second session on Tuesday, November 14, Anatomy and Physiology, and Nutrition will be discussed. Pharmacology, proper usage and care of medications and the usage of breathing aids will be taught on November 21. Therapy, which includes breathing exercises and postural drainage will be demonstrated on November 28. On December 5, will cover task simplification and home environment controls.

The instructors are staff members from Garrett County Memorial Hospital and the Garrett County Health Department. The American Lung Association is funding the program.

For more information or registration interested persons may call Charlotte Beck at the Garrett County Memorial Hospital, 204-2100 ext. 212 between 8:30 a.m. and 4 p.m. Monday through Friday.

## Seminar Presented For School Systems

### In Garrett, Allegany

About 75 educators, superintendents, supervisors and principals from Garrett and Allegany counties concluded a three-day seminar Friday at the Village Inn, McHenry, on assessing teaching effectiveness.

The seminar was presented by the Maryland Professional Development Academy in cooperation with the school systems of the two counties and the Regional Education Service Agency.

Dr. David Sedler of American University, Washington, D. C., was the major presenter of the Institute. Coordinators were Edward Fille, education associate for RESA; Dr. Herman E. Bellinger, Jr., administrator, Maryland Professional Development Academy; Mrs. Rebecca M. Miller and Harold Scott, both elementary supervisors in Allegany County.

Purpose of the institute funded by a \$575 grant obtained through David W. Hornbeck, state superintendent of schools, is to provide administrators with a variety of techniques to analyze teacher and

student performance and to conduct supervisory conferences.

Dr. William Buser, superintendent, headed the Garrett County delegation to the conference. Other members of the supervisory staff were James Trickett, Sarah Wilson, Robert Rodeheaver, Charlene Thomas, Lewis Domenick and Al Ringer.

Garrett County principals who attended were Robert Wilson, Gary Galloway, Wayne Johnson, Ann M. McCain, Clark Sharpless, Jane Fox, Matthew Stieringer, Robert Rentschler, Herbert Lambert, Dorothy Spaid, Patrick Delaney, Esther M. Yoder, Thomas Fowler, J. Kenneth Bittinger, John Rickman and Luther Parrack.

## Over \$2 Million In Amusement Tax Given To Counties

Maryland State Comptroller Louis L. Goldstein announced this week that his office is mailing checks totaling \$2,611,985 in Amusement and Amusement tax revenue to Maryland counties, cities and towns. The revenue is based on collections of Amusement and Amusement

taxes during the first quarter of Fiscal Year 1979 (July, August and September 1978).

"The revenue being returned to the subdivisions is based on taxable leisure spending totaling \$50,961,062 during the first quarter of Fiscal Year 1979. If this trend continues, leisure spending in Maryland could top \$220 million during Fiscal

Year 1979, considerably above the \$203 million spent on taxable Amusement and Amusement taxes at rates set by local governments and distributed to Maryland subdivisions.

The \$2.6 million being returned to the subdivisions is up from the \$2,545,558 sent back to local governments during the first quarter of the last fiscal year.

The State Comptroller's Office collects the Amusement and Amusement taxes at rates set by local governments and distributes the revenue to Maryland subdivisions. Distribution of Amusement and Amusement tax revenue to Garrett County was \$18,796.02, up from \$17,383.10 for the first quarter of fiscal 1978.

IN THE SPIRIT OF HALLOWEEN, even down to the finest family member, are Elizabeth, Heather, Preston and Mrs. Rita Savage, who were on their way to join in the cake walks and other entertainment at the Oakland Fire Hall Thursday night. Umbrellas were a familiar sight as rain drizzled down all through the parade.

### Record Beer Tax Collections Noted, Checks Are Mailed

Maryland State Comptroller Louis L. Goldstein announced this week that beer tax collections for September 1978 reached a record \$995,476, eclipsing the old single month record of \$967,823 set in August, 1975.

A near record amount of beer tax revenue was collected earlier this summer, when July 1978 collections totaled \$908,654.

"We have no definite explanation other than the warm September weather," Comptroller Goldstein said, noting that the record breaking revenue figure topped the amount of beer tax revenue collected during September 1977 by a whopping 22.7 percent.

During the first quarter of Fiscal Year 1979 (July, August and September 1978) beer tax revenue jumped 11.5 percent to \$2.8 million, compared with the

\$2.4 million collected during the identical period in the last fiscal year.

"The record beer tax collections are also important to Maryland's 23 counties and Baltimore City, because the State returns about one-half of the revenue from the nine cents per gallon beer tax to the subdivisions based on the amount of beer delivered to retailers within each subdivision," Mr. Goldstein said.

"Our office is now mailing checks to the subdivisions totalling almost \$1.3 million as their share of beer tax revenues for the first quarter of Fiscal Year 1979. This is 7.5 percent more than the \$1.1 million returned to the 23 counties and Baltimore City for the same quarter of last fiscal year."

Baltimore City will receive the largest check (\$56,977), while Baltimore County will receive \$305,499, Prince George's County, \$198,526, Anne Arundel County, \$123,466, and Montgomery County, \$119,774. Garrett County will receive \$7,223.31.

Oakland, Md. 21330

### Health and Safety Tip

From the American Medical Association

#### Count Calories To Lose Extra Pounds

Counting calories is a favorite past time among those of us who want to lose weight.

But how many of us know exactly what a calorie is?

The term "calorie" is used as a unit in expressing the energy-producing value of food. When we say that a tablespoon of honey contains about 60 calories, it means that the honey, when utilized by the tissues of the body, will release that amount of energy to be expended in bodily activity.

The American Medical Association points out that the usual weight-reduction goal of one or two pounds per week is achieved by a daily intake of 500 to 1,000 calories less than the intake needed to maintain

the weight at which reducing was begun.

Caloric needs are an individual affair and your diet should be worked out in consultation with your physician. He can help you arrive at a reasonable figure, permitting you to lose weight steadily and gradually, and at the same time maintain good health and not go hungry.

Calorie charts will help guide you in determining what you can eat, and in what quantity, to maintain your desired daily intake. Some diet specialists recommend five to six small meals a day, rather than two or three large ones.

Keep in mind the nutrient values of foods selected. When total food intake is restricted, it is important to choose those foods that will provide optimal nutritional value with a minimum amount of calories. Calorie tables can be useful, they should not be the sole basis for selecting foods.

Whatever program your physician prescribes for you, there is one important thing to remember — calories do count. To lose weight, we must spend more energy that we take in.
